## Top Reasons to Choose PocketPills as Your Company's Preferred Pharmacy

### 1. Save on Drug Costs

- Drugs make up approximately 70% of your health premium.
- PocketPills offers significant savings through their low pharmacy markup and their flat \$7 dispensing fee!
- Help stabilize your annual renewal health costs

### 2. Excellent Member Experience

- Easy access to pharmacists via live chat, SMS, email, and phone
- Save time by skipping the pharmacy line-up, managing prescriptions<sup>†</sup> online and getting free delivery
- Employees love our PocketPacks, as they are easy to tear off and take at home, at work or while they travel

### 3. Improve Employee Health

- PocketPills helps improve medication adherence by sorting medication and vitamins into PocketPacks by date and time, making it easy for employees to remember to take their medication, decreasing absenteeism and risk of disability
- Our pharmacists spend time talking to your employees not just about their medications, but about their overall health management

### 4. Easy Implementation

- PocketPills helps educate employees with turn-key emails, brochures and webinars

Let's Talk about what PocketPills can do for you and your employees. Contact me for more information.

<sup>†</sup> PocketPills cannot deliver controlled substances nor narcotics;  
we recommend you continue to use your current pharmacy for these types of drugs.
